## Announcements

### Land Titles Registry Fee Increase Updated in RealtiWeb

As you are most likely aware, Information Services Corporation (ISC) will be implementing a fee increase for the Land Titles Registry on July 4, 2015. A complete breakdown of which fees are increasing can be found on the ISC website at [www.isc.ca](http://www.isc.ca)

### Changes Implemented in RealtiWeb

RealtiWeb has been updated to reflect these fee changes. All your files with possession dates on or after July 4, 2015 will have the correct fee amounts in the appropriate fields. If you feel it necessary to confirm these are being calculated correctly, simply go to the Financial tab to review the values.

*2015 law grad looking for articling position in Saskatoon, has experience in real estate, estates & estate planning, corporate and family law. Call Elizabeth today for more details at 289-821-4763*

### Bookkeeper Tips Using PCLaw & RealtiWeb

PCLaw integrations with other programs like RealtiWeb saves time in the back office.

#### Q: How do I export the statement of account?

A: In the RW *File>Financial>Account* to Client click the Export to PCLaw button. A screen pops up and you can select what to import.

#### Q: Why would I uncheck an item to import?

A: If a general Cheque has been used to purchase a service it already exists in PCLaw and there is no need to import it again.

I was recently attending an office and learned the server hard disk had failed. It took the outsourced IT people 3 days to get the system back to the place it was before the failure with a full day to restore to a prior date that was assumed incorrectly and discovered after a few hours to be wrong, then a second entire day to restore to the correct day, There was internet but no accounting system, no ability to record and write cheques and receipts or even bill. And further to that no access to the common directory. Manager must determine the tolerance of how many days we can lose or not be able to serve our clients. PC-Legal's remote back-up and redundancy capabilities offer peace of mind for just such crisis. Never get burned again. Legal Remote Back-Up Packages start from \$24.95 for 10GB of storage. Call today and get started and your 1st month free 289-821-4763

*Is your office green or just green with envy?*

*KUDOS to Karen Currie of Vulcan AB, with the opening of her new office at 105 2nd Avenue South, Vulcan, AB. "Live long and prosper, Karen!" Spock*
